Scholarships Now Available for Poudre School District High School Students Through the Community Foundation of Northern Colorado

Local high school seniors can look to the Community Foundation of Northern Colorado for scholarship support as they pursue their post-graduation goals. The Community Foundation of Northern Colorado is honored to work with donors who have made an impact on the lives of students in their communities through scholarship funds established at the Foundation. Some awards are based on financial need, others target academic achievement, and some are based on other specific criteria including the school students attend or participation in a particular school activity.

The Community Foundation provides students with an easy way to search for and apply to its scholarship funds. Students can complete one application through a secure form on the Community Foundation's website and be automatically matched to the specific scholarship awards for which they qualify. Applications are then reviewed by the Foundation's selection committees and evaluated according to the established criteria.

Students in the Poudre School District have several scholarships available to them. One 2015 recipient had this to say: "Having someone believe in me enough to financially back me as I start the next chapter of my life... means a great deal to me. It is so motivating to know there are others cheering you on each and everyday."

The 2016 application cycle opened on November 16, 2015 and closes on April 1, 2016. Questions about the Community Foundation's scholarship funds and application process can be directed to Diana Hollaway: 970-488-1978 or scholarships@NoCoFoundation.org.
